Making Memories - Shine Out

PORTRAIT PACKAGES

glowbugdesign.com

Make Time STAND STILL

There is someone who means the world to you.

Someone you want to honour.
Or capture a stage in life so important to you, you never want to forget.

Maybe they are not around, and you want a way to remember their vitality, beauty, and personality. A way to keep them close to you, in your home.

Something real and tangible, not just another digital photo left floating around your computer.

I provide a timeless piece of art that requires time and skill, and is designed to fit beautifully with your home.

A custom portrait of your loved ones, brought to life from a careful selection from your photos.

I want to bring happiness into your home

My art is not designed for stuffy museums or hotel lobbys.

My art is for you alone, or the person you gift it to.

I want you to feel joyful and nostalgic with good feelings when you walk past my drawings of your loved ones every day.

I want you to be proud of the art your choose for your home, a happy reminder of good times.

I want you to feel excited that you have found the perfect gift for someone, that shows you have put a lot of thought and emotion towards them.

I'm Rebecca

- Portrait artist, designer and tea drinker.

I've been a graphic designer for over 15 years and love being boss of my own business. With a Design & Illustration BA Hons degree from Northumbria University, England, and years of experience working with client on diverse projects including t-shirt art and websites, I have developed strong skills in not just creating art but also interpreting what clients say they want, and aligning it with what they actually envision.

I am passionate about drawing, and make sure I provide as high a standard as possible. I love capturing the light, personality, and beauty of every subject. With professional layouts, and good communication, I make the process easy for you.

“I am so pleased with the portrait. Now that it is framed properly the whole picture is incredible”

Roland A.

“Do you I feel I got the portrait I was looking for? Absolutely!!! Much more than I expected! The drawing was just as lovely as I had hoped it would be..”

Regina Vereker

faq

What if what I want is not on the pricelist, e.g. a picture of my home?
I can draw almost anything you need. For a custom quote, email me at rhill@glowbugdesign.com

What are your payment terms?
I require 50% before starting the project. The remaining balance is due via EMT before I ship the art. Please email me to discuss if you have special circumstances.

What is your process?
Once the quote is agreed upon I will send a terms document to agree to. When the deposit is paid I will spend time choosing the best composition from a selection of photos you send. The next step is making a rough photoshop mock up of the composition, which will be emailed to you for approval. Then I get to work on the artwork. When complete, and the final invoice paid I will ship the artwork rolled in a mailing tube.

Do you frame?
If framing is required as part of a gift, I can arrange this as an extra cost. Please email to discuss.

How long will the drawing take?
Every piece is different. If you have a target date, please let me know at the beginning and I will let you know if it is possible. In the requirements document I will outline the timeline so you know when we can expect to hear from each other during the process.

Can I request revisions?
The purpose of the photoshop mock up is to make sure you are happy with the layout and look before I start the drawing. However, I will consider up to 2 very minor revisions before completion. I put a lot of effort making sure my art is high quality and have not had anyone disapoointed with the results.

Can we talk on the phone before I commit to see if we are a good fit?
Yes, if you are happy with my pricing and the look of my work, please email me to set up a time for a call. However, email is my preferred method of contact.

What is the medium used?
I use high quality prismacolor coloured pencils on Canson pastel paper.

I'm ready to start. What's the next step?
Email me at rhill@glowbugdesign.com to lock in your spot on my schedule and get the ball rolling. I'll send you a run down of the process so you know what to expect.

Let's get started -
