Who means the world to you?

A few years ago my husband surprised me with a custom piece of art for Christmas. It was a piece that had meaning for me and I was overwhelmed with how much he cared.

I loved that he found a way to surprise me with something so unique and personal. That was many years ago and it still makes me smile and melt when I see it.

This is what I want to create for you.

That moment of wow and emotion from a loved one. Or that feeling of love as you walk past a piece of art in your home that captures your loved ones in a unique, precious way.

A custom, high quality portrait of your loved ones, brought to life with care.

“Love, love love thank you!
She cried when she opened it and said it was the
most thoughtful gift she has ever received”

Carrie B.

I Want To Make People Cry

(in a good way)

A wide smile and a warm melty, fuzzy, feeling is a good result too!

Custom art brings out all kinds of good emotions.

I want you to feel excited that you chose an gift that can
leave no doubt of your huge love and respect for your favourite people.

I want you to feel excited to own an original artwork, and enjoy the
process of honouring your loved ones in a beautiful way.
It can be an emotional ride for you even if the art is a gift.

I always feel priviledged to be part of the journey.

What are your payment terms?

I require a deposit of 50% payment before starting the project, due via EMT. The balance is due before I ship the final art. Please email me to discuss if you have special circumstances.

What is your process?

Once the quote is agreed upon I will send an agreements document. When the fee is paid I will spend time choosing the best composition from a selection of photos you send. The next step is making a rough photoshop mock up of the composition, which will be emailed to you for approval if it differs greatly from the photo. Then I get to work on the artwork. When complete, and the invoice paid I will pack and ship the artwork.

Do you frame?

If framing is required as part of a gift, I can arrange this as an extra cost. Please email to discuss.

How long will the drawing take?

Every piece is different. If you have a target date, please let me know at the beginning and I will let you know if it is possible. I will communicate with you how the progress is going.

Can I request revisions?

If it needs it I make a photoshop mock up is to ensure you are happy with the layout and look before I start the drawing. However, I may consider up to 2 very minor revisions before completion just to tweak likeness. Please view my portfolio to get a sense of my style. I have received 100% good feedback so far!

Can we talk on the phone before I commit to see if we are a good fit?

Yes, if you are happy with my pricing and the look of my work, please email me to set up a time for a call. However, email is my preferred method of contact.

What is the medium used?

I use high quality Prismacolor coloured pencils on Canson pastel paper.

What if what I want is not on the price list, e.g. a picture of my home?
